As of May 1, 2017

**ASSOCIATE DIRECTOR GENERAL**

Y. ITO  
S. UENO  
A. Amemiya

**PRESIDENT**  
NAOKI OKUMURA

**SENIOR VICE PRESIDENT**  
M. ENDO  
[Director General, Mission Planning Department, Space Technology Directorate II, Chief Engineer Office, Safety and Mission Assurance Department]

**VICE PRESIDENT**  
S. YAMAMOTO  
[Director General, Strategic Planning and Management Department, International Relations and Research Department, New Enterprise Promotion Department, Space Exploration Innovation Hub Center, Security and Information Systems Department, Preparatory Office for the 2nd International Space Exploration Forum (ISEF2)]

**H.TSUBOI**  
[General Affairs, Finance Department, Contract Department, Human Resources Department, Public Affairs Department, Evaluation and Audit Department, Work-Life Support and Diversity Office, Ground Facilities Department, Space Education Office]

**Y.FUNO**  
[Director General, Space Technology Directorate I, Spectrum Management Office, Space Tracking and Communications Center, Environmental Test Technology Unit]

**T. HAMAZAKI**  
[Director General, Human Spaceflight Technology Directorate]

**S.TSUNETA**  
[Director General, Institute of Space and Astronautical Science (ISAS)]

**F. ITOH**  
[Director General, Aeronautical Technology Directorate]

**R. IMAI**  
[Director General, Research and Development Directorate  
Center Director, Tsukuba Space Center]

**GENERAL AUDITOR**  
K. OHYA  
M. TAKAHASHI

(Director General) Y. FUNO

Management and Integration Department

Safety and Mission Assurance Officer

**[Senior Chief Officer of Space Transportation Technology]**

Range Safety Planning and Control Unit

Launch Safety Assessment Unit

Launch Capabilities Unit

H3 Project Team

Epsilon Rocket Project Team

Kagoshima Space Center

Launch Site Safety Assessment Unit

Flight Safety Control Unit

Range Technology Development Unit

Uchinoura Space Center

**[Senior Chief Officer of Satellite Systems Development]**

GCOM Project Team (Global Change Observation Mission Project Team)

EarthCARE/CPR Project Team (Earth Cloud, Aerosol and Radiation Explorer/ Cloud Profiling Radar Project Team)

GOSAT-2 Project Team (Greenhouse Gases Observing Satellite-2 Project Team)

SLATS Project Team (Super Low Altitude Test Satellite Project Team)

JDRS Project Team (Japanese Data Relay System Project Team)

Advanced Optical Satellite Project Team

Advanced Radar Satellite Project Team

Engineering Test Satellite-9 Project Team

**[Senior Chief Officer of Satellite Applications]**

Satellite Applications and Operations Center (SAOC)

Earth Observation Research Center (EORC)

**[Earth Observation Center (EOC)]**

GPM/DPR Project Team (Global Precipitation Measurement / Dual-frequency Precipitation Radar Project Team)

ALOS-2 Project Team (Advanced Land Observing Satellite-2 Project Team)

Satellite Navigation Unit

**Space Technology Directorate II**

(Director General) M. ENDO

**Human Spaceflight Technology Directorate**

(Director General) T. HAMAZAKI

**[ISS Program Manager]**

Management and Integration Department

JEM Mission Operations and Integration Center

HTV Technology Center

JEM Utilization Center

Astronaut and Operation Control Unit

Human Space Safety and Mission Assurance Office  
Safety and Mission Assurance Officer

JAXA Houston Office

JAXA Moscow Office

**Space Exploration Innovation Hub Center**

(Director) H. KUNINAKA

**Research and Development Directorate**

(Director General) R. IMAI

Research Strategy Department

Management and Integration Department

[KAKUDA SPACE CENTER]

Safety and Mission Assurance Officer

Research Unit I

Research Unit II

Research Unit III

Research Unit IV

System Technology Unit

Innovative Satellite Technology Demonstration Group

Sensor System Research Group

**[Deputy Director General, Institute of Space and Astronautical Science]**

Management and Integration Department

Director for International Strategy and Coordination

Director for Education and Public Outreach

**[Research Director]**

Department of Space Astronomy and Astrophysics

Department of Solar System Sciences

Department of Interdisciplinary Space Science

Department of Space Flight Systems

Department of Spacecraft Engineering

**[Program Director]**

ISAS Program Office

GEOTAIL Project Team

ASTRO-EII Project Team

SOLAR-B Project Team

PLANET-C Project Team

Bepi Colombo Project Team

Extreme Ultraviolet Spectroscopy for Exospheric Dynamics Project Team

ERG Project Team (Exploration of energization and Radiation in Geospace Project Team)

Hayabusa2 Project Team

GREAT Project Team (Ground Station for Deep Space Exploration and Telecommunication Project Team)

SLIM Project Team

(Smart Lander for Investigating Moon Project Team)

**[Senior Chief Officer of Fundamental Technology for Space Science]**

Inter-University Research and Facility Management Group

Test and Operation Technology Group

Advanced Machining Technology Group

Scientific Ballooning Research and Operation Group

Sounding Rocket Research and Operation Group

Noshiro Rocket Testing Center

Akiruno Experimental Facility

Science Satellite Operation and Data Archive Unit

Lunar and Planetary Exploration Data Analysis Group

Astromaterials Science Research Group

Deep Space Tracking Technology Group

**Aeronautical Technology Directorate**

(Director General) F. ITOH

Management and Integration Department

Safety and Mission Assurance Officer

**[Program Director]**

aFJR Project Team

FQURH Project Team

Safe Avio Project Team

Technology Demonstration Research Unit

**Next Generation Aeronautical Innovation Hub Center**

**[Senior Chief Officer of Fundamental Aeronautics Research]**

Aerodynamics Research Unit

Flight Research Unit

Propulsion Research Unit

Structures and Advanced Composite Research Unit

Numerical Simulation Research Unit
